

The Center for Excellence in its desire to continue to add significant value and impact to the community we serve is proud to announce a new series of programs. This program is called the **Mastery Series**, and is intended to bring in local area leaders who have mastered their craft and are willing to share some area or aspect of their expertise to help move our community forward.

This initiative will be a co – branded and co – marketed plan in collaboration with our Center. These programs will take the form of one time workshops or seminars and, in some cases, an entire series on any given subject. The presenters will be invited in to create their subject matter topic. Additionally, the presenter will be asked to create the marketing collateral necessary to promote the program. All revenues collected for the event will be shared 50/50 (The presenter and CFE)

If you or someone you know is interested in this opportunity, please fill out this form and send it to:
